

STOP U.S. FUNDING OF ISRAEL END THE SIEGE OF GAZA FREE PALESTINE

US & Israel are Committing Genocide for Corporate Profit

Oct. 15: Hundreds march in New Orleans in solidarity with Palestine.

Biden Has Gone War Mad, Demands All Our Tax Money Go to War

Four days after Israel bombed a hospital in Gaza, killing hundreds of people, Biden asked Congress to authorize a \$106 billion payout to corporations profiting from the war on Palestine. Already, \$11 million/day of taxpayer money funds the military occupation of Palestine.

U.S. workers gain nothing and have everything to lose from a war-crazed regime determined to control the world for capitalist profits.

Time to tell the truth:

The U.S. Government and the media are in the hands of oil companies and war corporations.

What is the US government hiding from you, and why?

Near total media censorship has been imposed to cover up U.S./Israeli war crimes. Controlled by six companies and tied to fossil fuel and military corporations, big business media spread unending lies. These corporations are afraid that if you know the truth, you will oppose U.S. taxpayer funding of genocide.

The U.S. lied about WMDs (weapons of mass destruction) to justify killing more than one million Iraqis; now Israel and the U.S. spread disgusting lies about Palestinians beheading babies, etc., all without a shred of evidence.

Johannesburg, South Africa

The truth is that world does not support Israel's continued 75-year-long oppression of the Palestinian people. Millions of people are marching worldwide in solidarity with Palestinians, including huge demonstrations in every state in the U.S.

Millions worldwide rally in support of Palestine

Brooklyn, NY

Chanting "Not in Our Name," hundreds of Jewish activists demanding an end to Israel's brutal war on Palestine were arrested in the lobby of U.S. Congress. More than 400 Congressional staffers signed a letter to protest the bombing and siege of Gaza. Over 300,000 people rallied for Palestine in Washington, D.C. on Nov. 4. Did you see even one headline about this?

US Capitalists are Behind Theft of Palestinian Land and Resources

The U.S. wants to steal oil and gas from Palestine and the Middle East. In 2007, former Israeli Minister of Defense Moshe Ya'alon said, "It is clear that, without an overall military operation to uproot Hamas control of Gaza, no drilling work can take place." Gaza has been subjected to five bombing campaigns since.

On Oct. 13, 2023, the Israeli government leaked a plan to forcibly displace 2.3 million Gazans to Egypt's Sinai desert. On Oct. 29, Israel announced 12 new leases for BP and other fossil fuel companies to steal Palestinian resources.

War profits soar as Israel bombs Gaza

Raytheon stock is up 18%, Lockheed Martin +12%, and General Dynamics +14%. Most U.S. lawmakers are invested in these stocks.

ZIONISM ≠ JUDAISM

Israel is founded on Zionism. Zionism is not Judaism and has nothing to do with protecting Jews. Zionism is a racist colonial scheme devised by U.S. and European capitalists to steal Palestinian land and set up a fortress to raid oil and other precious resources from the Middle East.

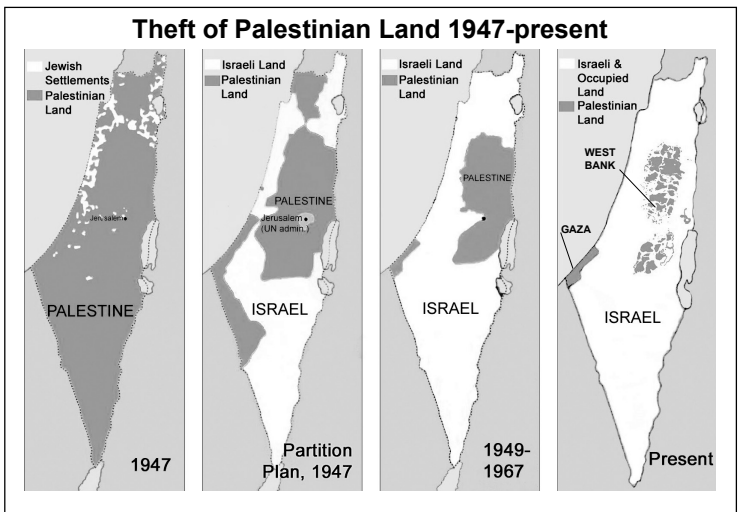

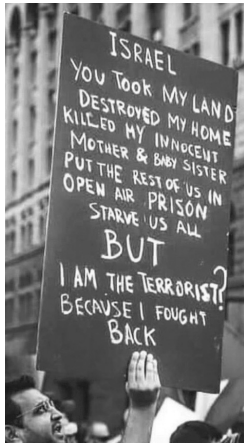

Gaza is an Israeli-Made Concentration Camp

Gaza is a refugee camp of more than 2 million Palestinians who were pushed off their land, their homes seized for Israeli settlements. Israel has repeatedly bombed Gaza for nearly two decades, killing thousands. Israel is currently depriving Gaza of food, water, fuel, electricity, and hospital supplies. Almost 1 million children live in Gaza.

For over 75 years, the Palestinians have faced colonial occupation, land theft, home demolitions, imprisonment, massacres, and apartheid.

Forced into a concentration camp, Palestinians could take it no more and, on October 7, broke through the barbed wire gates separating them from their homeland. Just as Jews rose up against the Nazis in the Warsaw ghetto and the

Treblinka death camp, so Palestinians have the right to fight back.

With US Weapons & Support, Israel is Committing Genocide in Palestine

Since October 7, Israel has murdered over 17,997 people in Gaza, more than half of whom are children. Thousands more are missing under the rubble. Over 49,229 people are wounded. Over 1.7 million Gazans have been displaced from their homes.

Israel's bombs on Gaza far exceed that of multiple Hiroshima nuclear bombs. Israel has bombed dozens of schools, hospitals, churches, mosques, and other shelters.

With U.S. backing, Israel's stated goal is to make Gaza unlivable, killing and displacing the Palestinian population so their land and resources can be stolen.

US bombs have killed more than 9,000 Palestinian children in two months. Thousands more are wounded.

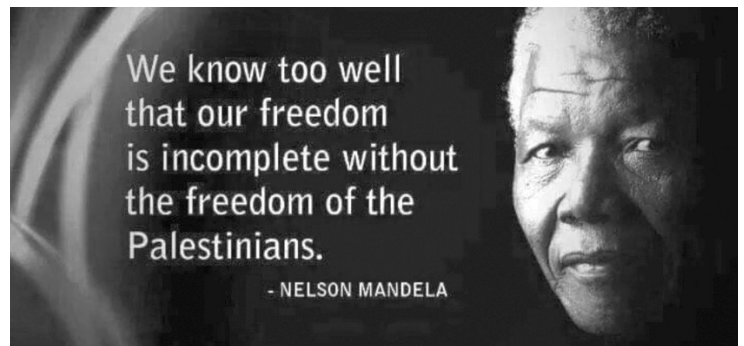

"All of our missiles, the ammunition, the precision-guided bombs, all the airplanes and bombs, it's all from the U.S. The minute they turn off the tap, [Israel] can't keep fighting."

Statement by 300 Nazi Genocide Survivors on the 2014 Bombing of Gaza:

"As Jewish survivors and descendants of survivors and victims of the Nazi genocide we unequivocally condemn the massacre of Palestinians in Gaza and the ongoing occupation and colonization of historic Palestine. We further condemn the United States for providing Israel with the funding to carry out the attack [...] We are alarmed by the extreme, racist dehumanization of Palestinians in Israeli society, which has reached a fever-pitch. [...] We must raise our collective voices and use our collective power to bring about an end to all forms of racism, including the ongoing genocide of Palestinian people. We call for an immediate end to the siege against and blockade of Gaza."

Nelson Mandela, who fought to defeat U.S.-supported apartheid in South Africa, was on the FBI's "terrorist watch list" until 2008.
